State Environmental Commission

901 South Stewart Street, Suite 4001 -- Carson City, Nevada 89701-5249

Notice of Regulatory Hearing Adoption of Regulations and Other Matters Before the State Environmental Commission

The State Environmental Commission (SEC) will hold a meeting on Wednesday, May 3, 2017 at 10:00 am in Carson City. The meeting location is the Bryan Building, located at 901 South Stewart Street (2nd floor, Tahoe Room). The purpose of the meeting is to receive comments from all interested persons regarding the information listed on this notice and the meeting agenda. The following information is provided pursuant to the requirements of NRS 233B.0603.

Temporary Regulation T2017-01: Bureau of Air Quality Planning & Bureau of Air Pollution Control

The proposed amendment pertains to NAC Chapter 445B. The NDEP proposes to revise the air quality public notice rule provisions by removing the requirement to provide public notice of a draft air permit, and other program actions, through publication in a newspaper. The amendment proposes to instead provide for electronic noticing (e-notice) and website access (e-access) of those actions.

The proposed regulation will have a nominal economic impact on the newspaper industry of approximately \$6,600 per year, as NDEP spends an average of \$6,600 per year on publication costs. There will be no negative economic impact to regulated businesses or to the public. NDEP, the enforcing agency, will save approximately \$6,600 per year.

The proposed amendment does not overlap with any other State or federal regulations and is not more stringent than what is established by federal law. The proposed amendment does not address fees.

Temporary Regulation T2017-02: Bureau of Air Quality Planning & Bureau of Air Pollution Control

The proposed amendment pertains to NAC Chapter 445B. The NDEP proposes, under specific circumstances, to provide an exemption regarding the requirement that all motor vehicles registered in Nevada and originally

equipped with devices to control pollution must have those devices correctly installed and in good operating condition.

The State of Nevada is seeking Beneficiary Status in the matter of the Volkswagen 2.0L Partial Consent Decree Environmental Mitigation Trust Agreement. The State likely qualifies as a beneficiary due to the environmental harm suffered by the State from emissions that exceeded EPA-compliant levels emitted by the diesel-powered Subject Vehicles identified in the settlement manufactured by the Volkswagen Group. To qualify as a beneficiary, the State must certify that it shall not deny registration to any Subject Vehicle based solely on the fact that it has a defective device installed that renders it ineffective or inoperable for the control of pollution. The 2.0L Partial Consent Decree requires the Volkswagen Group, within the next two years, take steps to address the emissions from at least 85% of the Subject Vehicles. This will be accomplished through either a vehicle buyback/early lease termination program, or through an emissions modification recall program. NDEP anticipates that these programs will be effective in substantially reducing future emissions from the Subject Vehicles.

The regulatory amendment is needed to allow the State of Nevada to qualify for Beneficiary Status. As a beneficiary, the State expects to receive approximately \$25 million to be used for diesel emission reduction projects and zero emission vehicle infrastructure projects (electric vehicle charging stations) that are intended to mitigate the excess nitrous oxide emissions produced by the Subject Vehicles. The expected reductions in emissions resulting from these projects, combined with the long-term environmental benefits of providing charging infrastructure which may help facilitate a transition to clean electric vehicles, outweighs the future environmental harm presented by allowing the Subject Vehicles to remain on Nevada's roadways.

This regulation will not have an immediate or long-term adverse economic impact on regulated business/industry or the public. There will be no additional costs to the State for enforcement of the proposed regulation and the regulation does not overlap, duplicate or conflict with any regulations of other government agencies. The proposed regulation does not include provisions which are more stringent than a federal regulation. The proposed regulation does not address fees and it is essential to the functions and operations of NDEP.

Additional Information: Persons wishing to comment on the proposed actions of the SEC may appear at the scheduled public hearing or may address their comments, data, views, or arguments in written form to: State Environmental

Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

Members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 2030 E. Flamingo Rd. Suite 230.

As required by the provisions of chapters 233B and 241 of Nevada Revised Statutes, the public notice for this hearing was posted at the following locations: the Bryan Building (901 South Stewart Street, Carson City, Nevada); the offices of the Division of Environmental Protection in Las Vegas (2030 E. Flamingo Rd. Suite 230), at the State Library and Archives building in Carson City (100 Stewart Street), the Nevada Division of Minerals, 400 W. King Street, Carson City, NV and the Department of Agriculture, 405 South 21st Street, Sparks, NV.

In addition, copies of this notice have been deposited electronically at major library branches in each county in Nevada as specified below. This notice and the text of the proposed regulations are also available on the SEC's website at: http://sec.nv.gov/main/hearing_0517.htm . The proposed regulations denoted in this notice, including previous drafts, are, or will be, posted on the Legislative Counsel Bureau's website at <http://www.leg.state.nv.us/register/> and also the Department of Administration's website at <https://notice.nv.gov/>

Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify, in writing, the Nevada State Environmental Commission, in care of Valerie King, Executive Secretary, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249, facsimile (775) 687-5856, or by calling (775) 687-9374, no later than 4:00 p.m. on April 26, 2017.
