State Environmental Commission

Classification Proposed Adopted By Agency Temporary Emergency Permanent

R049-18: This permanent regulation revises NAC 445A. The State Environmental Commission adopted permanent regulation R049-18 which revises certain definitions, amends the time frame for initiation and completion of a water project, provides clarifications for how NDEP will manage determinations of "lead free" and compatibility with drinking water construction, provides clarification and updates for use of documents adopted by reference, modifies the definition of "sewer main," provides clarifications for utility "separations and crossings" regulations, and provides clarification on backflow prevention for fire hydrants connected to public water mains.
