R037-13: This regulation revises NAC 445A. The NDEP Bureau of Waste Management Solid Waste Branch has been funded by Tire fees (\$1.00 per tire sold) since 1993. Tire fees are currently not related to the regulatory workload of the Solid Waste program; while the number and complexity of regulated facilities has increased, tires fees have remained flat and are no longer adequate to support program needs. The proposed schedule of permit fees will provide a supplemental source of revenue that is directly tied to the regulatory workload. In addition, the proposed fees will enable the Division to offset certain expenses currently funded with hazardous waste fees to help address revenue shortfalls in the Hazardous Waste Management Fund.
