

FORM # 1

FORM FOR PETITIONING THE STATE ENVIRONMENTAL COMMISSION FOR
ADOPTION, FILING AMENDMENTS OR REPEAL OF COMMISSION REGULATIONS

1. Nevada Division of Environmental Protection
901 South Stewart Street, Suite 4001
Carson City, NV 89701-5249
(775) 687-4670
May 13, 2016

Jeffrey Kinder, Chief
Bureau of Air Pollution Control
(775) 687-9475

Danilo Dragoni, Chief
Bureau of Air Quality Planning
(775) 687-9340

2. The Nevada Division of Environmental Protection (NDEP) is a division of the Nevada Department of Conservation and Natural Resources of the State of Nevada. The NDEP is an environmental regulatory agency.
3. Nevada Revised Statutes (NRS) 445B.210 establishes the authority of the State Environmental Commission (SEC) to adopt regulations to prevent, abate and control air pollution. NRS 445B.300 establishes specific authority of the SEC regarding operating permit requirements for sources of air contaminants.

SPECIFIC CHANGES:

The NDEP is proposing to amend NAC 445B.221, *Adoption by reference and applicability of certain provisions of federal law and regulations*, to adopt applicable federal rules promulgated since the State regulation was last updated as of May 2015. This is a routine activity. The update includes rulemakings under 40 CFR Part 51, "Requirements for preparation, adoption, and submittal of implementation plans", Part 52, "Prevention of significant deterioration of air quality" (PSD), Part 60, "Standards of performance for new stationary sources" (NSPS), and Part 63, "National emission standards for hazardous air pollutants for source categories" (NESHAP).

4. NEED FOR AND PURPOSE:

The NDEP is delegated the implementation of certain federal NSPS and NESHAP rules that apply in Nevada. The proposed amendments update the State's "adoption by reference" regulation, so that Nevada can request delegation for the implementation of new and revised NSPS and NESHAP promulgated since the last update. This will allow the regulated industry

to continue to work with the State rather than the U.S. Environmental Protection Agency. In addition, this amendment will update the Agency's adoption of federal PSD rules, as well as revisions to federal test methods.

5. ECONOMIC EFFECTS:

(a) Regulated Business/Industry. The NSPS, NESHAP and other rule amendments that we are proposing to adopt are federal rules, and the regulated business/industry must comply with them regardless of whether USEPA or the NDEP implements them. Therefore, there will be no added economic impacts on the regulated industry due to the NDEP's proposed adopt-by-reference regulation update. Because the NDEP has an effective, cooperative established working relationship with industry in Nevada,, industry prefers that the NDEP implement the federal rules. The PSD amendments will have a beneficial impact on industry because they alleviate certain permit requirements for greenhouse gases and the 2015 ozone national ambient air quality standards.

(b) Public. The proposed amendments will have no economic effect on the public.

(c) Enforcing Agency. The proposed amendments will have no economic effect on the agency.

6. The proposed amendments adopt federal regulations from 40 CFR Parts 51, 52, 60 and 63 in order to allow the NDEP to implement them in Nevada.
7. The proposed amendments are no more stringent than what is established by federal law.
8. The proposed amendments do not address fees.
