Notice of Workshop for Proposed Regulation Changes Relating to the Drinking Water State Revolving Fund

LCB File No. R099-14: The Nevada Revised Statutes (NRS) 445A.270 establishes the authority of the State Environmental Commission to adopt regulations as are necessary to carry out the provisions for the account for the revolving fund and the account for the set-aside program. The proposed regulation changes provide for general updates, language clarification, streamlining, organization, and cleanup. Proposed changes include added factors to the priority list ranking (NAC 445A.67569). Some of the additional factors will encourage sustainability by awarding additional points for capacity development. Other additions will better outline project types.

These regulation changes will not have an immediate or long-term adverse economic impact on the public or the business community. The proposed changes do not overlap, duplicate, or conflict with any regulations of other government agencies. The proposed changes do not include provisions which are more stringent than a federal regulation.

A workshop has been scheduled to solicit comments from persons interested in the Drinking Water State Revolving Fund proposed regulation changes:

**10:00 A.M., Wednesday, September 24, 2014
Bryan State Office Building
Great Basin Conference Room (4th Floor – South)
901 S. Stewart Street
Carson City, Nevada 89701**

Reasonable accommodation will be made for members of the public who are disabled and wish to attend the workshop. If special arrangements are necessary, please notify the Office of Financial Assistance at 775-687-9436, at least 24 hours prior to the date of the workshop.

A copy of this notice and the proposed regulation changes and related materials are available for review and/or may be copied during normal business hours at the Division of Environmental Protection Offices, 901 S.
