Classification [] Proposed [] Adopted By Agency [] Temporary [XX] Emergency [] Permanent []

T008-11: Air Pollution Control New Class IV (Area Source) Permitting Program; Class II Certification Requirements: With this temporary regulation, the State Environmental Commission [on behalf of the Nevada Division of Environmental Protection (NDEP)] has adopted the federal National Emission Standards for Hazardous Air Pollutants rules for area sources that have recently been issued by the US EPA. The adoption of this temporary regulation, which occurred on June 16, 2011, allows NDEP to implement certain emission standards through a new streamlined Class IV Operating Permit program. The agency's intent is to keep the program as simple as possible and require no more than what is federally mandated at minimal cost to industry.
