**Re: Regulation P2008-17: Revision of Molybdenum Aquatic Life Water
Quality Standard**

Dear Ms. Corp:

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would amend NAC 445A.144. The Nevada Division of Environmental Protection is proposing a change to the aquatic life standard for molybdenum. Other minor editorial changes proposed to NAC 445A.144 include revising Section 1 language; changing the location in the table of the Irrigation Standard for Iron; and revising Reference (e).

If you have any questions about this regulation please contact Mr. Paul Comba at 687-446.

Sincerely,

John B Walker
