

Permanent Regulation - Filing Statement

A Regulation Relating to Air Pollution Control

Legislative Review of Adopted Regulations as Required
by Administrative Procedures Act, NRS 233B.066 & 233B.0603.10(f)

State Environmental Commission (SEC) LCB File No: R129-11

Petition R129-11: The regulation updates NAC 445B.221, "Adoption by reference and applicability of certain provisions of federal law and regulations." The regulation adopts into State regulation certain federal New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) rules that have been adopted by the US EPA and published in the Federal Register since July 2010. In addition, this amendment will update the Division of Environmental Protection's adoption of federal Prevention of Significant Deterioration (PSD) rules relating to fine particulate matter.

This regulation also would repeal two regulations: the definition of "Ringelmann Chart" and the exceptional event provisions. The term Ringelmann Chart is not used in NAC Chapter 445B, and the exceptional event provisions are duplicative of the federal regulation.
