Re: State Environmental Commission -- Petition #2007-02
Adopt By Reference Federal Rules - New Source Performance Standards
(NSPS) & National Emission Standards for Hazardous Air Pollutants (NESHAP)

Dear Ms. Corp:

Donna Rise, Director
Department of
Agriculture

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that amends NAC 445B.221. This regulation proposes to adopt into State regulation sections of the federal New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) rules that have been adopted by the U.S. Environmental Protection Agency (EPA) and published in the Federal Register since July 6, 2006. The Nevada Division of Environmental Protection is delegated the implementation of the federal NSPS and NESHAP rules that apply in Nevada.

Eugene Gans
Las Vegas, NV

The proposed amendments are necessary so that Nevada can request delegation for the implementation of new and revised federal NSPS and NESHAP rules promulgated after July 6, 2006. This will allow the regulated industry to continue to work with the State as opposed to the EPA.

Kenneth Mayer - Director
Department of Wildlife

Additional supporting information for the regulation is available on the SEC website at the following address: http://www.sec.nv.gov/main/hearing_0907.htm
