Re: Regulation P2011-05: A Regulation Relating to Hazardous Waste

Dear Ms. Corp:

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would ~~delete~~ NAC 444.8752 through NAC 444.8788, inclusive. As way of background, this regulation establishes provisions for a grant program to demonstrate methods and technologies for minimizing the generation of hazardous waste. These grants were issued in the 1990's, however no new grants have been awarded for over 10 years and none are planned in the foreseeable future. Accordingly, we are proposing to delete the authority for these grants as established in the above referenced state regulations.

If you have any questions about this regulation please contact Mr. Jim Trent at 687-9478. Related information about this regulation is available on the State Environmental Commission's website at: http://sec.nv.gov/main/hearing_1011.htm

Sincerely,

John B. Walker
