John Walker
Executive Secretary
Nevada State Environmental Commission
901 South Stewart Street, Suite 4001
Carson City, NV 89701-5349

Dear Mr. Walker

You will find attached a petition to the Nevada State Environmental Commission requesting that the Commission order NDEP to suspend the permitting of coal fired electric generating units in Nevada until the state develops a greenhouse gas emission standard. It is my understanding that there will be a public hearing on this request at the next Commission meeting on September 7, 2007.

You will find Form #1 and Form #4 as required by the Commission's regulations for these kinds of Petitions.

Please let me know if you need any further information.

Sincerely,

/s/

Charles M. Benjamin
Director, Nevada Office
