## **Notice of Workshop to Solicit Comments on Proposed Amendments to Nevada Administrative Code Chapter 445B: Air Pollution**

The Nevada Division of Environmental Protection (NDEP) is proposing to amend a section in the permitting provisions of NAC 445B to better align the state regulations with the Clean Air Act and U.S. EPA rule requirements. The following workshop has been scheduled to solicit comments from persons interested in this regulatory amendment described below:

**Tuesday, November 16, 2010  
10:00 AM to 12:00 PM  
CARSON CITY  
Room 1002, PEBP Board Room  
901 South Stewart Street**

**Petition No. P2010 -11:** The NDEP is proposing to amend NAC 445B.3457 by revising the public notice requirements for minor source (Class II) permit applications, specifically, the provisions that deal with the Director's action on applications and public notice requirements. The revisions require that:

- The Director act on all applications within 60 days after the official date of submittal, including applications that require public notice. This revision results in a streamlining of the public notice timeline for minor sources.
- All new (i.e., not having previously held a Class I or Class II permit) Class II applications be made available for public notice.
- All applications for a modification (to an existing Class II source) that exceeds a certain threshold be made available for public notice.

The proposed amendment and related materials are available on the State Environmental Commission website at: [http://sec.nv.gov/main/hearing\\_1210.htm](http://sec.nv.gov/main/hearing_1210.htm) . A copy of materials relating to the proposed regulation also may be obtained at the workshop or from Paul Williams at NDEP, 901 S. Stewart Street, Suite 4001, Carson City, NV 89701; (775) 687-9543; or e-mail to [pawilliams@ndep.nv.gov](mailto:pawilliams@ndep.nv.gov). Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify Paul Williams no later than 3 working days before the workshop.

*This notice has been posted at the Nevada Division of Environmental Protection offices in Carson City and Las Vegas, at the State Library in Carson City and at County libraries throughout Nevada.
