NOTICE OF WORKSHOP

HAZARDOUS WASTE REGULATIONS

The Nevada Division of Environmental Protection (NDEP) will be holding a workshop on draft regulations concerning hazardous waste. The purpose of the workshop is to inform the public and regulated community about the proposed regulatory changes and solicit comments from interested persons.

The State of Nevada is authorized by the United States Environmental Protection Agency (EPA) to enforce federal hazardous waste regulations. Between July 1, 2003, and July 1, 2005, the EPA approved revisions to existing federal hazardous waste regulations and published them in the Federal Register. The State of Nevada is required to modify its state regulations accordingly. The Division of Environmental Protection proposes to incorporate these federal revisions into state regulations by adopting the applicable sections of the Federal Register, as it existed on July 1, 2005. The proposed state regulations will modify existing state regulations to make them consistent with current federal requirements. The state is also proposing to update and correct additional state hazardous waste regulations.

A workshop will be held at the following date, time and location:

October 19, 2005 - 9:00 AM
Nevada Division of Environmental Protection
Richard H. Bryan State Office Building
901 South Stewart Street, Conference Room 413
Carson City, Nevada

Questions should be sent to Jim Trent, Nevada Division of Environmental Protection, Bureau of Waste Management, 901 South Stewart Street, Suite 4001, Carson City, NV 89701-5249 or submitted by e-mail to jtrent@ndep.nv.gov. A copy of the proposed
