Re: Payless/Allstate Car Rental Facility
Facility ID: 8-000006
Petroleum Fund ID: 1998000046

Dear Mr. Moan:

This office represents Nick and Dave Willden regarding the above-referenced matter. We are in receipt of your November 27, 2017, letter, which requests a response from Willden Automotive Holdings, LLC ("WAH"), as to whether WAH will fund a portion of ongoing cleanup activities after exhaustion of applicable Petroleum Fund monies. This letter is to inform you that WAH divested all of its assets approximately a decade ago, is no longer a going concern of any sort, and no longer possesses a corporate charter. As WAH no longer exists, it will not be funding cleanup efforts if Petroleum Funds are exhausted.

Please let me know if you have any questions.
