LeAnna Rizzo • Joe Solvie • Michael Drinkwater • Brian Oswalt • Joe Carter

Nathan Seltenreich
3691 E Saddle Ave
Las Vegas, NV 89121-7210

Mr. Seltenreich,

The Nevada Board of Certification for Wastewater Treatment Plant Operators (herein called the Certification Board) is responsible for administering the wastewater operator certification program for the Nevada Division of Environmental Protection. The Certification Board takes very seriously its responsibility to assure that operators with the appropriate knowledge, skills, and abilities are fairly certified to their appropriate Grade and that they adhere to the Code of Conduct.

A vital part of validating operator knowledge is the certification exam. The Certification Board recognizes the importance of the examination process, and takes the integrity, security, and intellectual property of the exams seriously. Nevada utilizes standardized exams developed and maintained by the Association of Boards of Certification.

The Clark County Water Reclamation District has notified the Certification Board of an apparent misuse of operator certification exam materials. You were named in the communication as having been inappropriately in possession of exam materials. The Certification Board is investigating this matter to determine if any impropriety occurred, and whether any disciplinary actions would be appropriate. The Certification Board is requesting to meet with you to discuss this matter.

Certification Board members are located throughout the state, so the meeting will be held by a combination of in-person and video conference. The meeting will be audio taped.

Meeting Information:

Date: December 12, 2017

Time: 1:30 pm

Location: NDEP Las Vegas Office
2030 E. Flamingo Suite 230

Thank You,

Adrian J. Edwards
Certification Board Chairman
