Good Morning, Mr. Seltenreich.

I did receive a SEC Form 3 from you. At this time the form is incomplete. Will you please provide an attached copy of the NDEP final decision that you are proposing to appeal (#2) and the statutes/regulations that NDEP violated and the statutes/regulations giving the SEC jurisdiction to hear the appeal (#4).

Upon receipt of this information the SEC will consider your appeal hearing request complete.

Hello Ms. King,

I went online and submitted Form #3 requesting an appeal hearing through www.sec.nv.gov/main/forms.htm. It didn't provide a confirmation page saying the form went through. Would you please confirm that it was received?

Thank you,

Nathaniel Seltenreich

5. For each ground of appeal checked above, provide a brief and concise statement of the facts which provide the basis for the appeal.

Per Regulation R155-17, Section 11.1, I have never falsely or fraudulently provided any information to the licensing board or my employer. When Nevada offered reciprocity for our certifications with Utah, Utah also allowed you to test 6 months earlier than Nevada. I decided to take my Grade III in Utah following all of their applicable regulations and policies. Utah offered the opportunity to review the exam if you failed. I reviewed the exam and after asking the proctor specifically if I was allowed to take notes, I did. I used my notes to study and prepare so I was successful the next time I took the exam.

Per Regulation R155-17, Section 11.3, I studied appropriately so as never to put the health and safety of the public and environment in jeopardy. I have now had my Grade III and been working as an Operator since 9/30/2013 without any incident that would put the environment or public in danger.
