

**PROPOSED REGULATION OF THE  
STATE ENVIRONMENTAL COMMISSION**

**LCB File No. R033-22**

April 6, 2022

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: §§ 1-3, 5 and 6, NRS 459.485 and 459.500; § 4, NRS 459.500 and 459.826.

A REGULATION relating to environmental protection; revising certain qualifications for an applicant for certification as an environmental manager; revising various fees for an applicant for certification as an environmental manager, handler of underground storage tanks, tester of underground storage tanks and provider of an approved underground storage tank training program; revising the fee to renew a certificate as an environmental manager, handler of underground storage tanks, tester of underground storage tanks and provider of an approved underground storage tank training program; requiring the completion of certain hours of continuing education to renew such a certificate; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the State Environmental Commission to adopt regulations for the certification of consultants involved in consultation regarding the response to and clean up of leaks of hazardous waste, hazardous material or a regulated substance from underground storage tanks, the clean up of spills or accidents or motor vehicle crashes involving hazardous waste, hazardous material or a regulated substance, or the management of hazardous waste. Existing law authorizes the Commission to collect fees to pay the cost of inspection, certification and, with certain exceptions, other regulation. (NRS 459.500)

Existing regulations require an applicant for certification as an environmental manager to have: (1) a bachelor's or advanced degree and 3 years of relevant environmental experience; (2) a professional registration or certification and 3 years of relevant environmental experience; or (3) a combination of education or experience. (NAC 459.972) **Section 1** of this regulation instead requires an applicant to have a bachelor's or advanced degree and 3 years of relevant environmental experience.

Existing regulations require an applicant for certification as an environmental manager, handler of underground storage tanks, tester of underground storage tanks and provider of an approved underground storage tank training program to pay a fee of \$100 to the Division of Environmental Protection of the State Department of Conservation and Natural Resources for the review of the application. (NAC 459.972, 459.9722, 459.9723, 459.97232) **Sections 1-4** of regulation increase this fee to \$150.

Existing regulations require an applicant for certification as an environmental manager, handler of underground storage tanks and tester of underground storage tanks to pay an examination fee for certification and, if the applicant fails the examination, a reexamination fee. (NAC 459.9726) **Section 5** of this regulation increases the fee for examination and reexamination from \$150 to \$200.

Existing regulations set forth certain requirements for a holder of a certificate to renew his or her certificate, which includes paying a fee of \$100 for the renewal. (NAC 459.9728) **Section 6** of this regulation: (1) increases the renewal fee to \$150; and (2) requires the holder of a certificate to successfully complete at least 24 hours of continuing education in the immediately preceding 2 years and submit proof of such completion to the Division with his or her application for renewal.

**Section 1.** NAC 459.972 is hereby amended to read as follows:
