Classification: Proposed Adopted By Agency Temporary Emergency Permanent

R075-24: This permanent regulation revises NAC 445B. The State Environmental Commission adopted permanent regulation R075-24P, which addresses Nevada's Air program. This regulation removes the ability for facilities to use affirmative defense for an action brought for noncompliance with a technology-based emission limitation contained in an operating permit. This will align the NACs with newly adopted federal regulations and is required by federal law.
