State Environmental Commission

Classification Proposed Adopted By Agency Temporary Emergency Permanent

R050-20: This permanent regulation revises NAC 445A. The State Environmental Commission adopted permanent regulation R050-20, which addresses Nevada's Safe Drinking Water Program, striking the word "wet" from the requirement that a professional engineer must use a "wet seal or stamp" before adding his or her signature and date each plan sheet in a submittal to the Bureau of Safe Drinking Water (BSDW). The revised regulation cites the Nevada Board of Engineers' (BOE) regulations for stamping, signing, and submitting projects to a governmental agency.
