**RE: Notice of Alleged Air Quality Violation Nos. 2905, 2906, 2922, & 2923 and Order
Nos. 2906, 2922, & 2923
Class II Air Quality Operating Permit AP3399-0120 (FIN A0531)**

Dear Ms. Turley:

The Nevada Division of Environmental Protection (NDEP) alleges that Kennametal, Inc. (Kennametal) has violated one or more conditions of Class II Air Quality Operating Permit (AQOP) AP3399-0120.

On January 31, 2022, NDEP held an enforcement conference with Kennametal to discuss potential enforcement actions alleged in the Letter of Alleged Findings (LOAF) previously sent to Kennametal. The conference was held to clarify the circumstances of the potential enforcement actions and provide an opportunity for Kennametal to provide evidence demonstrating that violations did not occur or that efforts were made to mitigate the violations.

Based on the information provided during the enforcement conference, NDEP has determined that issuance of NOAV Nos. 2905, 2906, 2922, and 2923 and Order Nos. 2906, 2922, and 2923 is warranted.

The recordkeeping violations alleged in NOAV No. 2906, 2922, and 2923 are minor violations pursuant to NAC 445B.281. These are the first, second, and third recordkeeping violations for Kennametal in the previous 60 months. The administrative fine for a first offense recordkeeping violation is \$250.00, \$500.00 for the second offense, and \$1,000 for the third offense in accordance with NAC 445B.281. **The total administrative fine for NOAV Nos. 2906, 2922, and 2923 is \$1,750.00.**

Pursuant to NAC 445B.283, the fines for minor violations must be submitted within 10 days of notice of the fines. The fines are payable by cashier's checks, certified checks, money orders or personal check. The check must be made payable to the State of Nevada and must be sent to the State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249.

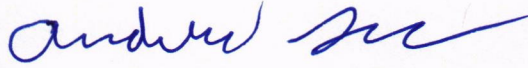

In accordance with **NAC 445B.281 Violations: Classification; administrative fines, NOAV No. 2905 constitutes a major violation.** For major violations, NDEP makes penalty recommendations to the Nevada State Environmental Commission (SEC), and the SEC assesses the penalties. Based on the factors considered in the penalty matrix and penalty calculation worksheet, as established with the SEC, NDEP has calculated a recommended penalty of **\$5,040.00 for NOAV No. 2905.**

The date for the next SEC hearing for penalties has not yet been determined. It is possible that the SEC hearing will be conducted by teleconference due to the COVID-19 emergency. Before the hearing for the penalties, the SEC will notify you of the final date and time of the hearing and provide information about how you can participate if you want.

Appeals of NOAV Nos. 2905, 2906, 2922, and 2923 and Order Nos. 2906, 2922, and 2923 may be requested pursuant to **Nevada Revised Statute (NRS) 445B.360 Appeals to Commission: Appealable matters; action by Commission; regulations** and SEC administrative rules. A copy of SEC Appeal Form #3 is enclosed. Appeals must be received within ten (10) days of receipt of this notice, pursuant to **NRS 445B.340 Appeals to Commission: Notice of appeal.** A copy of SEC Appeal Form #3 is enclosed and can also be found on the SEC website at: <https://sec.nv.gov/participate/forms-and-documents/>. Appeals are processed through Sheryl Fontaine, the Executive Secretary for the SEC, at 901 South Stewart Street, Suite 4001, Carson City, Nevada, 89701-5249. Ms. Fontaine can be reached at (775) 687-9374, or by email at sfontaine@ndep.nv.gov. Please provide me with a copy of any correspondence your company may have with the SEC.

If you have any questions regarding the NOAVs or the fines, please contact Andrew Tucker at (775) 687-9499 or by email at atucker@ndep.nv.gov.

Sincerely,

Andrew Tucker
Supervisor, Enforcement Branch
Bureau of Air Quality Planning

STATE OF NEVADA
DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES
DIVISION OF ENVIRONMENTAL PROTECTION
BUREAU OF AIR QUALITY PLANNING
901 SOUTH STEWART ST., SUITE 4001
CARSON CITY, NEVADA 89701-5249
NOTICE OF ALLEGED AIR QUALITY VIOLATION NO. 2905

Person(s) to Whom Served: Kristi Turley, Fallon Business Site Manager
Company Name: Kennametal, Inc.
Address: 347 North Taylor St. Fallon, NV 89406
Permit Number: AP3399-0120 **FIN:** A0531
Site of Alleged Violation: 10777 Lovelock Highway, Fallon, NV 89406
Date of Observation: 09/21/2021 **Time:** N/A

It is alleged that the following regulation was violated by the person named in this notice:

Nevada Administrative Code (NAC) 445B.275 Violations: Acts constituting; notice.

1. Failure to comply with any requirement of NAC 445B.001 to 445B.3689, inclusive, any applicable requirement or any condition of an operating permit constitutes a violation. As required by NRS 445B.450, the Director shall issue a written notice of an alleged violation to any owner or operator for any violation, including, but not limited to:

(c) Failure to construct or operate a stationary source in accordance with any condition of an operating permit;

It is alleged that the following act or practice constitutes the violation:

Failure to comply with permitted throughput limits for multiple systems.

Evidence:

Kennametal, Inc. (Kennametal) currently holds a Class II Air Quality Operating Permit (AQOP) to operate Advanced Materials Group – Metallurgical Operations under the requirements of AQOP No. AP3399-0120, issued by the Nevada Division of Environmental Protection (NDEP) on October 6, 2020.

NDEP requested records from the facility from June 1, 2020 through May 31, 2021. The facility submitted records for the requested dates as well as records for the entire 2020 calendar year on July 7, 2021. During the records review, NDEP found throughput exceedances for System No. 5 in January 2020 and May 2020, System No. 14 in August 2020, January 2021, and May 2021, as well as a fuel usage exceedance for System No. 24 on March 14, 2020.

On January 31, 2022, NDEP held an enforcement conference with Kennametal to determine whether issuance of Notice of Alleged Air Quality Violation (NOAV) No. 2905 was or was not warranted. During the enforcement conference and shortly after, Kennametal provided corrected throughput records which corrected the exceedances alleged in the Letter of Alleged Findings (LOAF) for System Nos. 05, 14 & 24; however, the records showed exceedances throughout June and July 2020 for System 05 and multiple exceedances between June-September 2020 for System No. 24. The exceedances occurred prior to a permit revision that was issued in October 2020, which increased the fuel consumption rate for System No. 24. A summary of the final exceedances is provided in Table 1. NDEP has subsequently determined that formal issuance of NOAV No. 2905 is warranted.

Table 1:

System No.	Date(s) of Exceedance	Throughput Rate	Permit Limit
05	6/18/2020	3.0 tons/hour	2.0 tons/hour
	6/25/2020	2.14 tons/hour	
	6/30/2020	2.1 tons/hour	
	7/24/2020	2.13 tons/hour	
24	6/2/2020	15.9 gallons/hour	8.3 gallons/hour
	7/7/2020	15.9 gallons/hour	
	8/25/2020	15.9 gallons/hour	
	9/17/2020	15.9 gallons/hour	

In accordance with **NAC 445B.281 Violations: Classification; administrative fines**, the alleged violation constitutes a major violation, and it is Kennametal's second air quality violation within the last 60 months.

CARSON CITY, NEVADA 89701-5249
NOTICE OF ALLEGED AIR QUALITY VIOLATION NO. 2906

Person(s) to Whom Served: Kristi Turley, Fallon Business Site Manager
Company Name: Kennametal, Inc.
Address: 347 North Taylor St. Fallon, NV 89406
Permit Number: AP3399-0120 **FIN:** A0531
Site of Alleged Violation: 10777 Lovelock Highway, Fallon, NV 89406
Date of Observation: 09/21/2021 **Time:** N/A

It is alleged that the following regulation was violated by the person named in this notice:

Nevada Administrative Code (NAC) 445B.275 Violations: Acts constituting; notice.

1. *Failure to comply with any requirement of NAC 445B.001 to 445B.390, inclusive, any applicable requirement or any condition of an operating permit constitutes a violation. As required by NRS 445B.450, the Director shall issue a written notice of an alleged violation to any owner or operator for any violation, including, but not limited to:*

(e) Failure to comply with any requirement for recordkeeping, monitoring, reporting or compliance certification contained in an operating permit.

It is alleged that the following act or practice constitutes the violation:

Failure to comply with recordkeeping requirement for multiple systems.

Evidence:

Kennametal, Inc. (Kennametal) currently holds a Class II Air Quality Operating Permit (AQOP) to operate Advanced Materials Group – Metallurgical Operations under the requirements of AQOP No. AP3399-0120, issued by the Nevada Division of Environmental Protection (NDEP) on October 6, 2020.

NDEP requested records from the facility from June 1, 2020 through May 31, 2021. The facility submitted records for the requested dates as well as records for the entire 2020 calendar year on July 7, 2021. During the records review, NDEP found that all permitted systems were missing records, as required by the permit.

On January 31, 2022, NDEP held an enforcement conference with the responsible official of Kennametal, Kristi Turley. During the enforcement conference, some of the missing records were provided; however, multiple systems were still missing required records. A summary of the missing records is provided in Table 2. NDEP has determined that issuance of NOAV No. 2906 is warranted.

Table 2:

System No.	Missing Records	Date(s)
1	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.001 through S2.003 on a monthly basis while operating.	June 2020 – August 2020
	Inspect wet scrubber and record results and any corrective actions taken.	June 2020 – September 2020
2	Conduct and record an observation of visible emissions on the baghouse controlling S2.004 on a monthly basis while operating.	June 2020 – September 2020
5	Conduct and record an observation of visible emissions on the baghouse controlling S2.007 on a monthly basis while operating. (Annual throughput and opacity not provided.)	June 2020 – September 2020
6	Conduct and record an observation of visible emissions on the baghouse controlling S2.008 on a monthly basis while operating.	June 2020 – September 2020
7	Conduct and record an observation of visible emissions on the baghouse controlling S2.009 on a monthly basis while operating.	June 2020 – September 2020
8	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.010 on a monthly basis while operating.	June 2020 – September 2020
9	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.011 on a monthly basis while operating.	June 2020 – September 2020
10	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.012 on a monthly basis while operating.	June 2020 – August 2020
11	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.013 on a monthly basis while operating.	June 2020 – August 2020
12	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.014 on a monthly basis while operating.	June 2020 – September 2020
13	Conduct and record an observation of visible emissions on the baghouse controlling S2.015 on a monthly basis while operating.	June 2020 – September 2020
14	Conduct and record an observation of visible emissions on the baghouse controlling S2.016 on a monthly basis while operating.	June 2020 – September 2020
	Inspect baghouse and record the results and any corrective actions taken.	June 2020 – September 2020
15	Conduct and record an observation of visible emissions on the baghouse controlling S2.017 on a monthly basis while operating.	June 2020 – September 2020
16	Conduct and record an observation of visible emissions on the baghouse controlling S2.018 on a monthly basis while operating.	June 2020 – September 2020
17	Conduct and record an observation of visible emissions on the baghouse controlling S2.019 on a monthly basis while operating.	June 2020 – September 2020
18	Conduct and record an observation of visible emissions on the baghouse controlling S2.020 on a monthly basis while operating.	June 2020 – September 2020
19	Conduct and record an observation of visible emissions on the baghouse controlling S2.021 on a monthly basis while operating.	June 2020 – September 2020

In accordance with **NAC 445B.281 Violations: Classification; administrative fines**, the alleged violation constitutes a minor violation. This is Kennametal's first offense of a minor violation for recordkeeping in the previous 60 months.

Date of Observation: 09/21/2021 **Time:** N/A

It is alleged that the following regulation was violated by the person named in this notice:

Nevada Administrative Code (NAC) 445B.275 Violations: Acts constituting; notice.

1. *Failure to comply with any requirement of NAC 445B.001 to 445B.390, inclusive, any applicable requirement or any condition of an operating permit constitutes a violation. As required by NRS 445B.450, the Director shall issue a written notice of an alleged violation to any owner or operator for any violation, including, but not limited to:*

(e) Failure to comply with any requirement for recordkeeping, monitoring, reporting or compliance certification contained in an operating permit.

It is alleged that the following act or practice constitutes the violation:

Failure to comply with recordkeeping requirement for multiple systems.

Evidence:

Kennametal, Inc. (Kennametal) currently holds a Class II Air Quality Operating Permit (AQOP) to operate Advanced Materials Group – Metallurgical Operations under the requirements of AQOP No. AP3399-0120, issued by the Nevada Division of Environmental Protection (NDEP) on October 6, 2020.

NDEP requested records from the facility from June 1, 2020 through May 31, 2021. The facility submitted records for the requested dates as well as records for the entire 2020 calendar year on July 7, 2021. During the records review, NDEP found that all permitted systems were missing records, as required by the permit.

On January 31, 2022, NDEP held an enforcement conference with the responsible official of Kennametal, Kristi Turley. During the enforcement conference, some of the missing records were provided; however, multiple systems were still missing required records. A summary of the missing records is provided in Table 4. NDEP has determined that issuance of NOAV No. 2923 is warranted.

Table 4:

System No.	Missing Records	Date(s)
1	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.001 through S2.003 on a monthly basis while operating.	December 2020, January 2021, & May 2021
	Inspect wet scrubber and record results and any corrective actions taken.	February 2021 – May 2021
2	Conduct and record an observation of visible emissions on the baghouse controlling S2.004 on a monthly basis while operating.	February 2021, April 2021 – May 2021
5	Conduct and record an observation of visible emissions on the baghouse controlling S2.007 on a monthly basis while operating. (Annual throughput and opacity not provided.)	February 2021 – May 2021
6	Conduct and record an observation of visible emissions on the baghouse controlling S2.008 on a monthly basis while operating.	February 2021, April 2021 – May 2021
7	Conduct and record an observation of visible emissions on the baghouse controlling S2.009 on a monthly basis while operating.	February 2021 – May 2021

9	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.011 on a monthly basis while operating.	February 2021 – May 2021
10	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.012 on a monthly basis while operating.	November 2020 – December 2020
11	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.013 on a monthly basis while operating.	November 2020 – December 2020
12	Conduct and record an observation of visible emissions on the wet scrubber controlling S2.014 on a monthly basis while operating.	February 2021 – May 2021
13	Conduct and record an observation of visible emissions on the baghouse controlling S2.015 on a monthly basis while operating.	February 2021 – May 2021
14	Conduct and record an observation of visible emissions on the baghouse controlling S2.016 on a monthly basis while operating.	February 2021 – May 2021
	Inspect baghouse and record the results and any corrective actions taken.	February 2021 – May 2021
15	Conduct and record an observation of visible emissions on the baghouse controlling S2.017 on a monthly basis while operating.	February 2021 – May 2021
16	Conduct and record an observation of visible emissions on the baghouse controlling S2.018 on a monthly basis while operating.	February 2021 – May 2021
17	Conduct and record an observation of visible emissions on the baghouse controlling S2.019 on a monthly basis while operating.	February 2021 – May 2021
18	Conduct and record an observation of visible emissions on the baghouse controlling S2.020 on a monthly basis while operating.	February 2021 – May 2021
19	Conduct and record an observation of visible emissions on the baghouse controlling S2.021 on a monthly basis while operating.	February 2021 – May 2021

In accordance with **NAC 445B.281 Violations: Classification; administrative fines**, the alleged violation constitutes a minor violation. This is Kennametal's third offense of a minor violation for recordkeeping in the previous 60 months.

This NOAV and Order become final unless appealed within ten (10) days of this notice. The person named in this NOAV and Order may appeal the notice by submitting a written request for a hearing to the Chairman of the Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249.

Form #3

Request an Appeal Hearing

Revised 6-2012

NEVADA
STATE ENVIRONMENTAL
COMMISSION

1. Name, address, telephone number, and signature of appellant:

Name: _____

Physical Address: _____

E-mail Address: _____

Telephone Number: _____

Signature: _____

Representative capacity (if applicable): _____

2. Attach copy of Nevada Division of Environmental Protection final decision, such as permit or notice of alleged violation, being appealed.

3. Specify grounds of appeal: (check all that apply)

- ☐ Final decision in violation of constitutional or statutory provision;
- ☐ Final decision made upon unlawful procedure;
- ☐ Final decision was affected by other error of law;
- ☐ Final decision was clearly erroneous in view of the reliable, probative and substantial evidence on the whole record;
- ☐ Final decision was arbitrary or capricious or characterized by abuse of discretion;

4. For each ground of appeal checked above, please list the constitutional, Nevada Revised Statute (NRS), and/or Nevada Administrative Code (NAC) provision allegedly violated. Also list the statutes and/or or regulations that give the State Environmental Commission jurisdiction to hear the appeal.

5. For each ground of appeal checked above, provide a brief and concise statement of the facts which provide the basis for the appeal.

Date of Request: _____.

Supporting Documents

After signing and submitting this form (below), attach the permit or notice of alleged violation that you are appealing directly to your email message. Include other supporting documents as needed.

Send form to: Executive Secretary, State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, NV 89701
