

**Notice of Public Workshop No.2
Proposed Regulation R104-22
Bureau of Safe Drinking Water
September 8, 2022**

The Nevada Division of Environmental Protection (NDEP), Bureau of Safe Drinking Water (BSDW) is proposing to adopt regulation amendments under the *Design, Construction, Operation and Maintenance* section of Nevada Administrative Code (NAC) 445A.

There were substantial edits and strikes to the original proposal that was workshopped on August 4, 2022. Edits and strikes were made to passive purge fire sprinkler systems and a number of cross-connection control regulations. The proposed revisions include general updates, as-built engineering drawings, removal of a cross-connection assembly requirement to townhomes and condominiums, various revisions to pumping facility regulations, and clarify pumps shall be compatible with drinking water.

A public workshop to discuss and receive public comment regarding the edits and strikes to the original proposal will be held on **Thursday, September 8, 2022, 9:00am-10am**. The workshop will be held in-person at NDEP offices in Carson City and Las Vegas at the addresses below.
