Call to Order

Natasha Zittel called the workshop to order at 9am and mentioned the call-in information for the meeting. She advises that no action will be taken at by BMRR at this public workshop. There were two virtual attendees and one in person attendee. A power point presentation was shown to introduce the regulatory provision LCB File #R137-24 (P2024-20).

Karl McCrea presented the purpose and need for the new proposed revision to Nevada Administrative Code NAC 445A in the presentation to the audience. This included the adoption process and timeline, the need for the proposed regulation, and proposed changes to fee structure and fees.

Comments and Questions

C1: Kyle Davis on behalf of the Nevada Mining Association stated they appreciate the outreach from the division with the industry and appreciate the conversations that we've had so far on this proposal. He continued saying that the Association has some questions that we are still working on and trying to make sure that we fully understand the proposal. The Association looks forward to continuing that conversation, getting that information back. He concluded that he just wanted to make sure to put that on the record and note our presence here today and happy to continue to work on this regulation moving forward.

A1: Comment noted.

Closing remarks and adjournment

Natasha Zittel asked virtual attendees if there were questions or comments. Seeing none, she adjourned at 9:17am
