Classification [] Proposed [] Adopted By Agency [] Temporary [] Emergency [] Permanent [XX]

R186-18: This permanent regulation revises NAC 444, 445A & 519A. The NDEP revised the public notice rule provisions for regulations associated with solid waste, hazardous materials, mining activities, water pollution control, and its program for financing water projects, including the state revolving fund program. The adopted amendments remove the requirement to public notice specific NDEP actions using a one-day publication in a newspaper. Instead, NDEP will provide public notice on an internet website designed to provide general public notice unless a federal law exists that requires otherwise. The website will allow continuous access to the public notice as opposed to a single day newspaper publication.
