

**Public Workshop - Notice to Solicit Comments on Proposed  
Regulation Amendments regarding Public Notices**

Nevada Administrative Code Chapters 444, 459, 445A, and 519A

The Nevada Division of Environmental Protection (NDEP) will hold a Public Workshop on proposed regulation changes associated with the process used by NDEP to publicly notice its proposed regulatory actions and certain findings. The NDEP is proposing to eliminate the requirement for a single publication in a newspaper and instead provide public notices for a longer timeframe via an internet website designed to provide general public notice unless the federal law requires otherwise. The purpose of this Public Workshop is to inform the public about the proposed regulatory changes and solicit comments from interested persons. NDEP has determined the proposed regulatory amendments will not have a significant economic impact on small businesses. The Public Workshop will be conducted in Carson City and video conferenced to multiple locations in Nevada as identified below.

**Workshop Date:** November 1, 2018

**Workshop Time:** 1:00 pm
