

Permanent Regulation - Informational Statement

A Permanent Regulation Related to Environmental Programs

Legislative Review of Adopted Permanent Regulations as Required
by Administrative Procedures Act, NRS 233B.066

State Environmental Commission Permanent No: R116-22P

The Nevada State Environmental Commission (SEC) offers the following informational statement in compliance with Nevada Revised Statute (NRS) 233B.066.

1. Need for Regulation

EPA's regulations for water quality standards at 40 CFR 131.11(a)(1) require states to adopt protective criteria that are based on scientific rationale to protect beneficial uses. The regulations proposed in R116-22 provide site-specific standards that are based on a rigorous scientific study, conducted following EPA guidance. The site-specific values for selenium are needed to establish water quality standards for selenium that are appropriately protective of aquatic life (fish are the most sensitive aquatic species to selenium), based on site-specific conditions.

2. A description of how public comment was solicited, a summary of public response and an explanation of how other interested persons may obtain a copy of the summary.

The Division held one hybrid (in-person and virtual) public workshop for R116-22P on October 19, 2022. The public was invited to participate in person in the Bryan Building at 901 South Stewart Street in Carson City, Nevada and in the NDEP offices in Las Vegas at 375 East Warm Springs Road. NDEP also provided the option to attend the workshop virtually. The workshop was held to present the substance of, and receive public comment on, the proposed regulation. There were approximately 14 members of the public that attended the workshop, either in-person or virtually.

The Legislative Counsel Bureau published its draft, R116-22P, in the Nevada Register on July 21, 2022. The Division accepted written comments on R116-22P up to October 24, 2022. The Division did not receive any comment regarding R116-22P but did receive a letter in support of this petition (attached).

The SEC held a hybrid regulatory hearing on December 14, 2022, to consider possible action on R116-22P. The SEC posted its public notice, which included a link¹ and

instructions to access R116-22P and pertinent documents and information supporting the regulation, for the regulatory meeting at the State Library in Carson City, at Division offices located in both Carson City and Las Vegas, at all county libraries throughout the state, and to the SEC email distribution list. The SEC also posted the public notice at the Division of Minerals in Carson City, at the Department of Agriculture, on the LCB website, on the Division of Administration website, and on the SEC website.

The SEC also published the public notice in the Las Vegas Review Journal and Reno Gazette Journal newspapers once a week for three consecutive weeks prior to the SEC regulatory meeting.

4. A description of how comment was solicited from affected businesses, a summary of their response, and an explanation of how other interested persons may obtain a copy of the summary.

Comments were solicited from affected businesses through one public workshop and at the December 14, 2022, SEC hearing as noted in number 2 above.

5. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.

The Commissioners unanimously adopted R116-22P without changes. The regulation was adopted without changes because the public and the SEC were satisfied with the proposed amendments.

6. The estimated economic effect of the adopted regulation on the business which it is to regulate and on the public.

Regulated Business/Industry. The regulatory amendments in R116-22P are not expected to have an economic impact on business.

Public. The regulatory amendments in R116-22P are not expected to have any economic effect on the public.

7. The estimated cost to the agency for enforcement of the adopted regulation.

Enforcing Agency. The regulatory amendments proposed in R116-22P are not expected to result in any additional costs to the Division.

8. A description of any regulations of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.

The proposed amendments in R116-22P do not overlap or duplicate other state or government agencies.

9. If the regulation includes provisions which are more stringent than a federal regulation, which regulates the same activity, a summary of such provisions.

The regulatory amendments in R116-22P are not more stringent than existing federal regulations.

10. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.

R116-22 does not address fees.
