

Form #4

Small Business Impact Disclosure and Statement

Approved 5-2-2014

NEVADA
**STATE ENVIRONMENTAL
COMMISSION**

The purpose of this form is to provide a framework pursuant to NRS 233B.0608 for drafting and submitting a Small Business Impact Statement (SBIS) to the State Environmental Commission (SEC) and to determine whether a SBIS is required to be noticed and available at the public workshop. A SBIS must be completed and submitted to the Legislative Counsel Bureau for ALL adopted regulations.

Note: Small Business is defined as a “business conducted for profit which employs fewer than 150 full-time employees” (NRS 233B.0382).

To determine whether a SBIS must be noticed and available at the public workshop, answer the following questions:

1. Does this proposed regulation impose a direct and significant economic burden upon a small business? *(state yes or no. If no, please explain and submit the applicable documentation, which can also be addressed in #8 on the SBIS and simply referred to; and if yes, reference the attached SBIS)*

No, this regulation will not have an impact or significant economic burden on small businesses. This program has been defunct since the statutory authority was repealed, so the proposed regulation will not have an economic impact on businesses.

2. Does this proposed regulation restrict the formation, operation or expansion of a small business? *(state yes or no. If no, please explain and submit the applicable documentation, which can also be addressed in #8 on the SBIS and simply referred to; and if yes, reference the attached SBIS)*

No, this regulation does not provide any barrier to the formation, operation, or expansion of a small business. The repeal of NAC 486A.010 to NAC 486A.250 inclusive, resolves the inconsistency between regulatory requirements and statutory authority.

If **Yes** to either of question 1 & 2, a SBIS must be noticed and available at the public workshop.
