The meeting will also be video-conferenced in Las Vegas in the Red Rock Conference room at the NDEP offices, located at 375 East Warm Springs Road. The purpose of this meeting is to receive comments from all interested persons regarding the information listed on this notice and the meeting agenda. The following information is provided pursuant to the requirements of NRS 233B.0603.

Permanent Regulation R061-23: Bureau of Air Quality Planning - Public Notification of Ambient Air Quality Standards Exceedances

R061-23 proposes to amend Nevada Administrative Code (NAC) 445B.22097 by adding a new section that pertains to notifications made by the agency to the public about events during which the ambient air quality standards may be exceeded and about the potential health hazards associated with these events.

The proposed changes are expected to have no economic impact on the public or on the Division.

Permanent Regulation R062-23: Bureau of Air Quality Planning - Repealing Regulations Pertaining to the Alternative Fuels Program

R062-23 proposes to repeal the regulations for the administration and enforcement of the Alternative Fuels Program codified in Nevada Administrative Code (NAC) 486A.010 to NAC 486A.250, inclusive.

On May 29, 2019, Senate Bill 42 repealed NRS 486A.010 to 486A.200. The repealed statutes provided the statutory authority to administer the Alternative Fuels Program pursuant to NAC 486A.010 to NAC 486A.250, inclusive. NDEP is proposing to repeal NAC 486A.010 to NAC 486A.250, inclusive. Repealing these regulations would resolve the inconsistency between regulatory requirements and statutory authority and prevent confusion.

The proposed changes are expected to have no economic impact on the public or on the Division.

Permanent Regulation R075-23: Bureau of Air Pollution Control - Removing the Requirement to Submit Duplicate Copies of a Completed Permit to Construct Application

R075-23 proposes to remove the requirement to submit two copies of a completed permit to construct application that is subject to the Chemical Accident Prevention Program (CAPP). Repealing this requirement will improve efficiency in administering the CAPP and will minimize the resources needed.

This amendment aligns with Governor Lombardo's Executive Order 2023-003 encouraging executive agencies to streamline and simplify their regulations.

The proposed regulation is expected to have little to no economic impact on the regulated community or the Division.

Permanent Regulation R130-22: Bureau of Safe Drinking Water - Increase Lab Certification Fees and General Housekeeping

R130-22 proposes to revise the categories of analytes for which laboratories may be certified; revise certain fees relating to certification for laboratories that analyze certain substances; replace certain obsolete references with the State Environmental Commission and the Bureau of Safe Drinking Water of the Division of Environmental Protection of the State Department of Conservation

and Natural Resources; and revise references to certain standards and publications adopted by reference.

The proposed changes are expected to have some economic impact on the regulated community. The fee increase would include an initial 40% increase in fees the first year, a 15% increase in year two, 10% annual increases for the two following years (years three and four), and a 5% increase in year five. The need for a 3% increase for inflation will be evaluated annually from year six forward. These fee increases will allow the agency to continue to ensure the viability of the Laboratory Certification Program.

Additional Information: Persons wishing to comment on the proposed actions of the SEC may participate in the scheduled public hearing (virtually or by phone) or may address their comments, data, views, or arguments in written form to: State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

Members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 375 East Warm Springs Road, Suite 200.

As required by the provisions of chapters 233B and 241 of Nevada Revised Statutes, the public notice for this hearing was posted at the following locations: the Bryan Building (901 South Stewart Street, Carson City, Nevada); the offices of the Division of Environmental Protection in Las Vegas (375 East Warm Springs Road, Suite 200), at the State Library and Archives building in Carson City (100 Stewart Street), the Nevada Division of Minerals, 400 W. King Street, Carson City, NV and the Department of Agriculture, 405 South 21st Street, Sparks, NV.

In addition, copies of this notice have been deposited electronically at major library branches in each county in Nevada as specified below. This notice and the text of the proposed regulations will also be available on the SEC's website at: <https://sec.nv.gov/meetings/sec-regulatory-meeting-january-19-2023>. The proposed regulation denoted in this notice, is, or will be, posted on the Legislative Counsel Bureau's website at <http://www.leg.state.nv.us/register/> and also the Department of Administration's website at <https://notice.nv.gov/>.

Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify, in writing, the Nevada State Environmental Commission, in care of Sheryl Fontaine, Executive Secretary, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249,
