R062-23: This permanent regulation revises NAC 486A. The State Environmental Commission adopted permanent regulation R062-23P, which addresses Nevada’s Air program. This regulation repeals the regulations for the administration and enforcement of the Alternative Fuels Program codified in Nevada Administrative Code (NAC) 486A.010 to NAC 486A.250, inclusive.

On May 29, 2019, Senate Bill 42 repealed NRS 486A.010 to 486A.200. The repealed statutes provided the statutory authority to administer the Alternative Fuels Program pursuant to NAC 486A.010 to NAC 486A.250, inclusive. NDEP is proposing to repeal NAC 486A.010 to NAC 486A.250, inclusive. Repealing these regulations would resolve the inconsistency between regulatory requirements and statutory authority, and prevent confusion.
