R075-23: This permanent regulation revises NAC 459.953451 (1). The State Environmental Commission adopted permanent regulation R075-23P, which addresses Nevada’s Air program. This regulation revises a regulation that has a requirement that is no longer necessary for achieving the intents and purposes of NRS 459.380 to NRS 459.3874, inclusive. It removes the requirement to submit two copies of a completed permit to construct application that is subject to the Chemical Accident Prevention Program (CAPP). It is necessary to repeal the regulation to improve efficiency in administering CAPP and minimize the resources needed.

This amendment aligns with Governor Lombardo's Executive Order 2023-003 encouraging executive agencies to streamline and simplify their regulations.

Authority citation other than 233B:
§ 1, NRS 459.3818 and 459.3829.
